Spartanburg Water Announces New Hire

Spartanburg Water is pleased to announce the new hire of David J. DePratter, PE to the position of Water Programs Manager. In his new role, David is responsible for managing programs, projects, process engineering and system maintenance within the Drinking Water Treatment and Reclaimed Water Treatment Plants, other Water Treatment Facilities, and applicable programs and projects within the Watershed Management Section. He will also direct the activities of the maintenance sections assigned to the Drinking Water Treatment (DWT) and Reclaimed Water Treatment (RWT) Departments. David reports to Ken Tuck, Director of Water Treatment.

David has over fifteen years of environmental and water engineering experience, most recently as a Project Manager with CH2M HILL. In addition, he has held engineering and project management roles at HSMM/ AECOM, the Fletcher Group, B.P. Barber & Associates, ARCADIS and the former Hoechst Celanese Corporation. David has earned a Bachelors of Civil Engineering Degree from the Georgia Institute of Technology and is a Professional Engineer licensed in North and South Carolina.

Spartanburg Water – An Award Winning Utility
